# BIENNIAL REPORT OF

## The Adjutant General of the State of North Carolina

### FOR THE YEARS 1919-1920

---

*To His Excellency, THE HONORABLE T. W. BICKETT,  
Raleigh, North Carolina.*

SIR:—I have the honor to submit the report of the Military Department for the years 1919 and 1920. On account of the fact that the military forces were small during these years, by reason of disbandment after service in the World War, and the military activities limited, the report for these two years is combined.

#### NATIONAL GUARD

Reports for 1915, 1916, 1917 and 1918 covered in detail the service of the North Carolina National Guard on the Mexican Border and in the World War, and during the year 1919 the State had no National Guard, though during this year preliminary steps were taken toward its re-organization under plans formulated by the War Department. The re-organization was slow due to the fact that at first the War Department required that each unit have one hundred men per company prior to recognition, and the further fact that eligible men took no interest in military affairs. However, commencing the first part of January, 1920, more interest in the National Guard was displayed by individuals and communities, and by December 31st, 1920, the following units had been recognized by the Federal Government as of the dates indicated, and were fully equipped for service:

- Troop A Cavalry, Lincolnton, January 21, 1920.
- Troop B Cavalry, Asheville, July 26, 1920.
- Troop C Cavalry, Hickory, July 8, 1920.
- Company A Infantry, Burlington, July 12, 1920.
- Company B Infantry, Winston-Salem, July 10, 1920.
- Company C Infantry, Plymouth, November 22, 1920.
- Company D Infantry, MG. Durham, January 19, 1920.
- Company E Infantry, Concord, November 19, 1920.
- Company H Infantry, Waynesville, November 27, 1920.
- 2nd Company CAC, Wilmington, August 31, 1920.

The strength of the above units on December 31st, 1920, was approximately 30 officers and 630 men, and it was apparent at this time that there had been an awakening of interest in the National Guard both in the State and in the United States. The officers and men in the above units deserve credit for their work in organizing units, and Colonel Don E. Scott, appointed to command the Infantry Regiment to be organized, also rendered valuable assistance.

## ARMORY INSPECTION

No Armory inspections were conducted during 1919, as the State had no National Guard. The annual inspection of the North Carolina National Guard for 1920 was conducted by an officer of the Regular Army and the Inspector General of the State during the month of February, 1920. Conditions were found satisfactory and showed that efforts are being made by organization commanders to comply with law and regulations. The report of the Inspector General of the State is made a part of this report. The Regular Army inspecting officer was much pleased with the commissioned and enlisted personnel.

## ARSENAL

The State Arsenal is adequate for the storage of military property, but as only the top floor of the building is now used it has been found that arrangements are not suitable for keeping clothing, etc., which will now have to be stored in the arsenal. An effort is being made to secure a suitable place that will be freer from dust and afford better protection for government property above mentioned.

## CAMP GLENN

As was stated in Report for 1917 and 1918, this camp site was used during the war as a Naval Aviation Station, and a considerable number of buildings constructed thereon. During the year 1919 the site has been turned back to the State, and through the efforts of the Honorable Josephus Daniels, Secretary of the Navy, the buildings, with appliances, were also turned over to the State. We have acquired some excellent buildings, and they should be re-arranged at once so as to conform to the requirements of our National Guard. The plant turned over to the State includes barracks, warehouses, modern plumbing, etc.

## ENCAMPMENTS

No annual encampment was held during the year 1919, as there was no National Guard. Under authority of the Department Commander a fifteen day camp of instruction was held at Camp Glenn, N. C., from September 7th to 21st, 1920, for all units in service at that time whose full quota of equipment had been received (see G. O. No. 1, 1920). The camp was most successful in every way, and the manner in which it was conducted was of considerable help later on in organizing new units. Ample time was allowed the men for athletics and recreation, and each man went home with a feeling that it had been a real vacation, though discipline was enforced and military training made to predominate. Colonel H. E. Eames, Inf., U. S. A., and Colonel Wallace B. Scales, Cavalry, U. S. A., were the Instructors, and they worked hard throughout the encampment and made themselves much respected by all with whom they came in contact.

## REGULAR ARMY PERSONNEL

The State is fortunate in having Colonel H. E. Eames, Inf., U. S. A., and Colonel Wallace B. Scales, Cavalry, U. S. A., on duty as Inspector Instructors. Both of these officers stand at the top of their profession, thoroughly understand the complex problems confronting the National Guard, and have co-operated with the State authorities in a most commendable manner. These officers are assisted in their work by several non-commissioned officers of the Regular Army, whose work has similarly meant a great deal to our organizations.

## WORLD WAR RECORDS

This department is now receiving from the Adjutant General's Department in Washington and from the Navy Department individual records of each person from this State who served in the Army, Navy or Marine Corps during the World War. These cards are classified so as to separate the persons killed in action, died of wounds, died of disease, etc., and this office will have the 80,000 or so cards filed alphabetically by counties. The names will be according to War Department records and will become one of the State's most valued files. It is recommended that all of the names be published in book form as soon as the filing is complete, and at least one copy of same be furnished each county.

## AID TO CIVIL AUTHORITIES

On August 26th, 1919, the following companies of the Reserve Militia were ordered to Charlotte, N. C., in the aid of the Civil Authorities:

5th Company, Winston-Salem.  
63rd Company, Lincolnton.  
13th Company, Lexington.  
29th Company, Statesville.  
33rd Company, Hickory.  
4th Company, Durham.

Captain Dermot Shemwell, N. C. R. M., of Lexington, was placed in command of the six companies on duty in Charlotte, and he and the companies under him performed their duty in a highly satisfactory manner. The troops were relieved from duty on August 29th, law and order having been restored. The report of Captain Shemwell is made a part of this report.

On September 15th, 1919, the following N. C. R. M. companies were ordered to Albemarle, N. C.:

13th Company, Lexington.  
29th Company, Statesville.  
39th Company, Carthage.

On November 11th, 1919, the 45th Company, N. C. R. M., was directed to proceed to Jacksonville, Onslow County, to co-operate with the civil authorities in maintaining law and order.

The Reserve Militia Companies in all cases accomplished their missions and responded promptly to all calls made upon them. It should be borne in mind that the personnel of these companies is made up of mature business men, who were willing to close their establishments to serve the State at a great personal sacrifice.

The Durham Machine Gun Company, National Guard, was ordered out in the aid of the civil authorities on July 18th, 1920, and directed to proceed to Graham, the county seat of Alamance. The officers and men of this company deserve great credit for the manner in which they performed their duty, and though confronted with a difficult task, they did their duty as true soldiers. It was unfortunate that it was necessary to use force, but it was resorted to only under circumstances which called for it. Their action was investigated by a disinterested board, who exonerated them entirely. The report of Captain Fowler is made a part of this report.

Under S. O. No. 250½ A. G. O., N. C., December 2, 1920, the Machine Gun Company 120th Infantry, station Durham, N. C., and one platoon from Company A., 120th Infantry, station Burlington, N. C., were ordered to Goldsboro, N. C., to protect prisoners and to maintain law and order. Capt. Marion B. Fowler, was placed in command. These troops rendered a valuable service to the State, performing their duty in a most satisfactory manner.

#### CHANGES

On May 23d, 1919, Major Gordon Smith was appointed Assistant Adjutant General and U. S. Property and Disbursing Officer, succeeding in the latter case Major J. J. Bernard.

General B. S. Royster, The Adjutant General, resigned his position on June 15th, 1920, after having served the State in its military forces for many years with great credit. General Royster was succeeded by Colonel J. Van B. Metts who commanded the 119th Infantry of the 30th Division during the World War, and took the oath of office on June 15th, 1920.

#### FEDERAL ASSISTANCE

The United States Government provides each unit of the National Guard with complete equipment, which is the same type as that used by the Regular Army.

#### LEGISLATION

As the National Guard of the country is now operating under the Acts of Congress of June, 1916, and June 1920, it is necessary to make certain minor changes in the military laws of the State in order that they may conform, where necessary, to the National Law. These proposed changes will be submitted to the next General Assembly.

## MAJOR GORDON SMITH

Major Gordon Smith is to be highly commended for his excellent work as Assistant Adjutant General during the latter part of General Royster's term of office, and also since I have assumed the duties of Adjutant General.

Respectfully,

J. VAN B. METTS,  
*The Adjutant General.*

# REPORTS OF COMMANDING OFFICERS ON SPECIAL DUTY SERVICE

---

HEADQUARTERS, TROOPS STATIONED AT CHARLOTTE

LEXINGTON, N. C.,  
September 13, 1919.

CAPTAIN DERMOT SHEMWELL, *Commanding.*

To: THE ADJUTANT GENERAL.

Subject: Report of the operations of Companies 29-63-4-13-5-33 at Charlotte, N. C., August 26th to 29th inclusive.

1. Delay in making this report was due to awaiting reports from the Commanding Officers of the above Companies, all of which are in with exception of Company 33, Hickory, and copies of which are herewith enclosed.

2. Arrived at Charlotte the morning of the 27th, where my Company, 13, was already on duty under command of Lieut. Crawford. Reported to the Mayor's Office for orders. Found conditions somewhat in a turmoil, and nobody in command; each Company operating as a separate unit and the entire guardsmen had been on duty from sixteen to twenty hours, constantly. A conference of the Commanding Officers was immediately called, together with the Mayor and City Commissioners, who did me the honor of placing me in command of the entire forces which were policing Charlotte, together with the Civilian Guard.

3. Enclosing herewith, separate from other reports and marked, "all orders issued before my command."

4. Immediately on taking command, the Civilian Guard was dispersed, and orders were issued to each Commanding Officer to take charge of a certain district, and to patrol that post, which post he would be held responsible for; and a copy of each order together with diagram of each post is herewith enclosed, same being known as S. O. No. 6. In order to carry out plan as above, S.O. No. 5 was issued, copy of which is herewith enclosed.

5. Only one G.O. was issued, same bearing date of August 27th, and one copy of which is herewith enclosed.

6. In the afternoon of August 28th, at a meeting of the Commanding Officers of the entire forces, all were of the opinion that the object for which troops had been sent to Charlotte, had been attained, viz: Law and order restored; and in the opinions of the Commanding Officers, there was no further need for the guardsmen in the city. This report was made to the Office of the Adjutant General, by telegram, with recommendation for the withdrawal of troops which was to be completed entirely by six P.M. of the 29th of August; and in reply, received telegram from the Office of the Adjutant General, directing me to arrange for entrainment and demobilization of troops, according to request and report. Copy of both wires herewith enclosed.

7. Upon receipt of orders from the Office of the Adjutant General, S.O. No. 7 was issued, copies of which are herewith enclosed.

8. On August 29th, Mr. R. H. Graham, Passenger Agent of Southern Railway Company was requested to furnish transportation for each Company to its respective home station. Copy of letter and reply, hereto attached.

9. Upon receipt of information from the Railway Company, S.O. No. 8 was issued to each Commanding Officer, copies of which are herewith enclosed.

10. Total N. C. R. M. troops at Charlotte is as follows:

Durham, Company No. 4, 54 men.  
 Statesville, Company No. 29, 56 men.  
 Lincolnton, Company No. 63, 44 men.  
 Hickory, Company No. 33, 32 men.  
 Winston-Salem, Company No. 5, 76 men.  
 Lexington, Company No. 13, 42 men.  
 Total 304 men.

11. Beg to further report that the morale of the officers and men was very high, all having a high regard for duty.

(Signed) DERMOT SHEMWELL,  
*Commanding.*

### MACHINE GUN COMPANY

1ST N. C. INFANTRY, N. G.

DURHAM, N. C.,  
 July 29, 1920.

From: COMMANDING OFFICER, M. G. Co., 1ST N. C. INF. N. G.  
 To: ADJUTANT GENERAL OF NORTH CAROLINA.  
 Subject: Report of Services of M. G. Co. at Graham, N. C.

1. Pursuant to S.O. 200, Adjutant General's Office, N. C. N. G., communicated to me over the telephone by Major Gordon Smith, Assistant Adjutant General, on Sunday, July 19th, 1920, at about 2 P.M. I assembled 30 men and 1 officer of the M. G. Co. and left Durham at 4 P.M. by automobiles, arriving at Graham, N. C., at 6:30 P.M. In accordance with my instructions I reported to the Sheriff of Alamance County for duty and further instructions. After conferring with the Sheriff and County Attorney, I at once threw a complete guard around the jail and jail yard for the purpose of protecting three prisoners held within the jail, who were being threatened by a mob of 1,500 or 2,000 people assembled on the porch, in the yard, and on the streets about the jail. One machine gun was placed at each of the three entrances of the jail building, and guards placed along the streets to keep the crowds of people off the jail lot. A cement sidewalk which surrounded the jail was established as a dead line beyond which no person was allowed except upon lawful duty. Regular reliefs were established and our tour of duty begun. Orders were given the sentinels to talk to no one except in line of duty. During the rest of the afternoon our men suffered taunts, threats, and vulgar remarks to be directed at them. Soon after our arrival a down-pour of rain served to disperse a few of the crowd assembled there. About 7:30 P. M. the man whom the jailer pointed out to me as the leader of the mob, by name Jim Carrigan, was called in the jail for a conference with the sheriff, the County Attorney and other prominent citizens of Graham. I was not invited to attend this conference and did not attend. Immediately after this conference a speech was made to the assembled people by a Mr. Long who promised the people if they would not attempt any rash act the prisoners "would be kept there in the county jail." Gradually the crowds began to disperse until at midnight there were very few people around the jail and the situation seemed quiet. Guards at the machine guns and sentries on the street were kept on duty all night. During the night other members of my company reported for duty, making a total of 37 men and officers with the company.

2. About 2 A. M. Monday morning I aroused Sheriff Storey from his bed and told him I thought it best to remove the prisoners to the State Penitentiary at Raleigh. My 1st Sergeant had already made arrangements for trans-

portation by automobile. The sheriff informed me that he would have to confer with the County Attorney, Mr. E. S. Parker. We hastened to find the County Attorney through a down-pour of rain. The County Attorney thought best not to carry the prisoners to Raleigh, because he wished to further his investigation the next day. I advised him that I thought it would be dangerous to leave them there, because we could never tell what might happen. However, I was not allowed to remove the prisoners that night. In the meantime I had received telephone instructions from Governor Bickett at Asheville "to protect the prisoners at all hazards, and to shoot straight if necessary." I immediately ordered my men to fire if fired upon or if any one tried to storm the jail.

3. Monday passed comparatively quiet until later in the afternoon. The guards around the jail was lightened. Through assistance of Col. Don E. Scott, the men of my command were rationed at the Graham Hotel and the American Cafe, of Graham. Good food was furnished.

4. Rumors were brought to me by half a dozen of my men that the jail was to be attacked at about 9:30 P. M. Monday. I tried to discountenance the rumors, and cautioned my men not to be excited. However, I took the precaution to put my most level-headed and experienced men in charge of the machine guns, and ordered the sentinels stationed in the cornfield back of the jail and on all sides to fall back to the jail and porches in case of an attack in order not to be in danger of our fire in case we were compelled to fire. All machine guns were trained on the ground a few feet from their muzzles. This was done in order to prevent firing into any of the houses surrounding the jail.

5. After supper Monday evening, having had no sleep since Saturday night, I left Lieut. Luther H. Barbour in charge of the Company, went to the jury room up stairs, and lay down across a bed, removing only my pistol and belt. This was about 8 P. M. About 9:25 P. M. I was awakened by Sergeant James B. Cole, who was sent to me with the message from Lieutenant Barbour, "That we were having trouble downstairs with masked men lurking about the jail." I immediately put on my pistol and belt and hurried downstairs. I heard the command, Halt! yelled by several of my men, and before I reached the bottom of the stair steps, I had heard several stray shots, some of which I heard by the side of the jail. By the time I reached the bottom of the steps I heard Sergeant Price in charge of the machine gun at the rear of the jail adjacent to a cornfield give the command to "commence firing." I hurried to this side of the jail, reaching there in time to see the gun flash come from the cornfield. I watched the work of the machine gun about half a minute. Seeing no further flashes from the cornfield, I gave the command to "cease firing," which was promptly obeyed by all the soldiers on all sides of the jail. I then hurried to the front porch of the jail to ascertain if any one on that side had been wounded. I reached them in time to see half a dozen civilians get up out of a little corn patch and rush around the corner of a house diagonally opposite the jail known as the "Boswell House." After waiting a few minutes to see if we would be fired upon again, I ordered the guards posted again at their usual places.

6. A few minutes later I learned from a telephone message from Col. Don E. Scott that great crowds of people were assembling in Burlington and Graham, and were expecting to storm the jail. I withdrew my guards, had a machine gun placed on the inside of each door of the jail, with enough men to man each machine gun. The rest of the men were utilized as guards at all of the windows, and cellar entrance to the jail. All lights were turned out, and every man cautioned to be vigilantly on watch and to keep cool. During the entire time the whole command seemed to hold their heads wonderfully.

7. Immediately after the firing, Sergeant Price, in command of the machine gun near the cornfield, and Lieutenant Barbour and Sergeant Tandy on the front porch gave me an account of how the firing began. On the rear at the cornfield the guard, John C. Chandler, who was about 150 feet, in the cornfield was driven back to the corner of the jail by a rush of 12 or 15 men who did not listen to his command to "Halt!" but who yelled at him to "get out of the way, you *D S B* with your blanks!" Then after several shots had been fired at Chandler and the rest of Sergeant Price's men on the rear, some of which struck dangerously near his men, he gave the order to fire. Two bursts of about 25 rounds each were fired from the *M. G.* and several shots were fired by men on the porch with pistols. On the front of the jail Lieutenant Barbour and Sergeant Tandy had been harassed for about an hour by masked men whom they could not keep away from the jail. Finally one of these men fired at 1st Sgt. Tandy. Then my men on the front porch opened fire on the men who were now lurking in the corn patch opposite the jail. All of this firing ceased when I gave the command to cease firing.

8. During the firing there was no official of the county or city inside the jail. The wife and children of the jailer were there. Just after the firing the jailer, Mr. Moser, returned. We helped him get his family out of danger. He was with us the balance of the night. I had not seen the sheriff since the earlier part of the afternoon. The jailer and I both tried to reach the sheriff by telephone for two or three hours after the attack. Finally we did reach him and he said he was coming down to the jail at once. He never came until 5:45 A. M. Tuesday. He did call me again over the telephone about 2 o'clock, and said he thought it would be dangerous to try to come down to the jail. I offered to meet him, and assured him that he would be harmed by no soldier. The jailer had been passed into the jail just after the shooting.

9. Immediately after being informed that crowds were gathering in Burlington and Graham to begin an assault, I communicated with the Adjutant General, and asked his advice. He informed me that he would get assistance to the *M. G. Co.* and that he would proceed to Graham at once himself.

10. After this, about midnight, we were fired upon by some one outside of the jail three or four times. I distinctly heard these bullets hit the side of the jail near where I was sitting at the window beside the chimney. We did not return this fire.

11. I received orders from Adjutant General Metts about 4:30 A. M. Tuesday to have my Company divided into two sections, one section placed on a truck with a machine gun mounted thereon. The prisoners were brought out of the jail with the company by the sheriff and his deputies and placed in an automobile between the two trucks. The prisoners guarded thusly by the company were carried to the railway station, placed on a special train and guarded by the Machine Gun Co. until turned over to the prison authorities at the State Penitentiary at Raleigh. The company returned to Durham by way of the special train and dismissed about 12 M. Tuesday. This furnishes in detail the services performed by the Machine Gun Co. at Graham, N. C., under S. O. 200, Adjutant General's Office, N. C.

# REPORT OF THE U. S. PROPERTY AND DISBURSING OFFICER 1919-1920

STATE OF NORTH CAROLINA  
OFFICE OF U. S. PROPERTY AND DISBURSING OFFICER  
RALEIGH

*December 31st, 1920.*

From: THE U. S. PROPERTY AND DISBURSING OFFICER.  
To: THE ADJUTANT GENERAL.  
Subject: Report July 19th, 1919, to December 31st, 1920.

1. Pursuant to orders of the Governor, I qualified as U. S. Property and Disbursing Officer on the 19th of July, 1919. Upon my qualification all property in the possession of my predecessor was taken over and it was found that a part of it was unserviceable or unsuitable, and immediate steps were taken to have such articles disposed of in accordance with regulations. The property was surveyed and there remained on hand only a small quantity which is suitable for use. It is properly stored in the State Arsenal or at Camp Glenn, except, of course, the property which was issued direct to organizations of the National Guard by the War Department and for which organization commanders are responsible.

2. Shortly after assuming the duties of my office it was found that a shortage existed in the accounts of the Governor for property which had been issued to the State by the War Department during the past ten years, and the War Department called on the State for payment of the money value of the articles involved. The shortage extended over a considerable number of years and was caused largely by failure of responsible officers to properly account for same. Reports of Survey were prepared by the undersigned and after checking over old records and securing various affidavits the shortage was removed and the State thereby saved approximately \$16,000.00. The property accounts of the Governor are now closed and all property for which I am accountable is actually on hand and in good condition.

3. There is furnished below a statement of Federal Funds received and disbursed during the period covered by this report. During the years 1919 and 1920 Federal expenditures were limited on account of the fact that only a few organizations of the National Guard had been recognized by the War Department but it is apparent now that when the full quota allotted the State is organized there will be a great amount of finance work to be done.

*Federal funds received and disbursed July 19, 1919, to December 31 1920.*

## Appropriation "Arming, Equipping and Training the National Guard"

Funds Received (War warrants)-----	\$18,651.34
Funds Disbursed -----	14,518.30
Balance December 31st, 1920-----	\$ 4,133.04

4. This office has prepared and submitted to the War Department complete requisitions for all property required by the various organizations of the National Guard of the State. The equipment furnished has been of a uniform type, modern and in good condition and all units are well equipped for field service. There is no doubt but that the matter of property is the most important function of a commanding officer and unless a great deal of care is exercised by responsible officers there will be losses which will have to be paid for. Equipment issued the various units amounts in value to thousands of dollars and it is reasonable for the War Department to expect and require that it be properly cared for and disposed of only in accordance with regulations.

5. Since assuming office the duties of the U. S. P. & D. O., have steadily increased and for your information there is given below a statement of the more important functions now required.

(a) Accountability for all federal property issued to organizations of the North Carolina National Guard amounting in value to many hundreds of thousands of dollars.

(b) The disbursement of all federal funds appropriated for the State amounting during the period of this report to about \$15,000.00. Next year, and thereafter, the amount to be disbursed annually will be approximately \$125,000.00 to \$150,000.00. In order to disburse these funds a complete knowledge of constantly changing regulations is required and a vast amount of paper work involved.

(c) The issuance of transportation of all officers and enlisted men when in attendance at Camps of Instruction, service schools, etc., and the preparation of schedules covering the movement of troops to and from camps. Other duties required as U. S. Transportation Officer for the State.

(d) The preparation and keeping of record cards for each unit showing in detail the amount of equipment on hand in each organization.

(e) The payment of all troops and the purchase of subsistence for all field training. In addition this office keeps the target material required on hand at Camp Glenn as well as the large quantities of ammunition used annually.

(f) The War Department has recently made the U. S. P. & D. O., responsible for the issue of all text books and publications to officers and organizations of the North Carolina National Guard.

(g) Under the present system of supply a great amount of correspondence is had with the War Department and various supply depots in addition to the units of the State.

6. The present State Arsenal is unsuitable and does not afford the proper protection to the government property stored therein. It is impossible to keep clothing, etc., free from dust and dirt except in covered receptacles which are not available. It is recommended that another arsenal be secured and so arranged as to provide at least two offices.

CIRCULAR No. 1.

February 26, 1919.

The record of the proceedings of the Special Military Board, appointed under Special Orders No. 4, A. G. O., 1919, which met at Raleigh, N. C., January 23, 1919, together with the action of the Governor thereon, is published for the information of all concerned.

PROCEEDINGS OF SPECIAL MILITARY BOARD

RALEIGH, N. C., January 23, 1919.

Pursuant to Special Orders, No. 4, A. G. O., N. C., dated January 9, 1919, the Board met in the office of the Adjutant General.

The following members were present:

Major General B. S. Royster, retired, the Adjutant General.

Major General Francis A. Macon, retired, State Property and Disbursing Officer.

Lieutenant Colonel J. C. Bessent, National Guard Reserve.

Major Jos. J. Bernard, Q. M. C.

Major W. F. Moody, National Guard Reserve.

Major General F. A. Macon, retired, was chosen President of the Board, and Major Joseph J. Bernard Secretary.

The Adjutant General stated that the object of the meeting was to consider all matters relating to the present military situation in the State, with a view of determining what action should be taken with respect to the specific matters called to the attention of the Board. After full discussion and consideration the following recommendations were made:

(1) That the armories in the various towns of the State formerly used by National Guard companies, which are not now used and occupied by Reserve Militia companies, should be held until the return of the former National Guard companies, and that whatever expenses, such as rent, etc., may be necessarily incurred in carrying out this recommendation, be paid from the money appropriated under chapter 200, Public Laws of 1917.

(2) That the organization of National Guard units be postponed until the return to the State of the former National Guard organizations and units now in foreign service.

(3) That the Reserve Militia companies be retained in service until the return of the former National Guard troops and until the National Guard, or other troops authorized by the Congress for the several States, are organized.

(4) That the State Property and Disbursing Officer pay to the Treasurer of the temporary National Guard Association the sum of twenty-five dollars as dues for the State's membership in such Association.

(5) That the Adjutant General have made for the Adjutant General's Department pictures of the former Adjutants General of the State, and that the expense thereof be paid from funds appropriated under chapter 200, Public Laws of 1917.

(6) That an inspection of the Reserve Militia companies be made as early as it is practicable to do so, and that the Commanding Officer of the North Carolina Reserve Militia visit the several companies for the purposes of inspection and instruction as is provided by the statute.

The Board thereupon adjourned.

FRANCIS A. MACON,  
*Major General, Retired, President.*

J. J. BERNARD,  
*Major Quartermaster Corps, Secretary.*

The Senior Officer will command trains and be responsible for the safety and conduct of troops to and from Camp.

The schedule for return movement will be published by the Commanding Officer of the Camp.

4. The following personnel of the N. C. N. G. will attend the Camp at State expense, except the Medical Officers who have been extended Federal recognition.

Colonel Don E. Scott, N. C. Infantry, will assume command of the camp upon his arrival thereat. He will be assisted by the following Staff, each of whom will report on the indicated dates to Colonel Scott:

Major Jas. A. Leonard (Range Mess

Officer) .....	Noon, September 6th, 1920.	
Major H. A. Newell, MC., N. G. ....	Noon, September 6th, 1920.	(Surg.)
Captain J. J. Barefoot, MC., N. G. ....	Noon, September 6th, 1920.	(Surg.)
Captain A. L. Fletcher, N. C. Inf. ....	Noon, September 4th, 1920.	(Supl.)
Lieutenant W. A. Simpson, N. C. Inf. ....	Noon, September 6th, 1920.	(Adj't.)

The enlisted personnel of the Supply Department will report to the Supply Officer at Camp Glenn, N. C., at noon September 4th.

The enlisted personnel of the Medical Department will report at Camp Glenn, N. C., to the Surgeon at noon September 6th, 1920.

5. The Camp Commander will perform the usual functions of that office, arrange and publish the necessary orders covering the conduct of the Camp and will consult with Colonel H. E. Eames, U. S. A., the Inspector Instructor, concerning the instruction to be given, hours and instructor personnel necessary, etc.

At the termination of the Camp and within 30 days, he will submit to the Adjutant General N. G. N. C., a report on the encampment with such recommendations and comments as he may deem advisable and helpful for the conduct of subsequent camps.

6. (a) The Supply Officer will, upon arrival at camp, assume charge of all Government stores and make the necessary arrangements to place the camp in readiness for occupancy by the troops.

(b) The Surgeon in addition to his routine duties will administer at a convenient time arranged by conference with the Commanding Officer, the required typhoid and paratyphoid inoculations and small-pox vaccination to both officers and men.

(c) All Staff Officers will, upon arrival at camp, report to the Camp Commander for instructions.

7. (a) Owing to the shortness of Federal funds allotted to this State, organization commanders will have to make their own arrangements for drayage from the armory to the train and reverse. No charge against the United States or the State of North Carolina should be incurred for this purpose.

(b) Two transportation requests in blank will be mailed from this office on September 2, 1920, to each organization commander covering the transportation of his unit to the camp. Similar requests will be issued at Camp Glenn for the return trip. These requests will cover the transportation of all officers and men of the organization including those who precede the unit to camp. One request will be used for the preliminary party, the other for the organization itself. Neither request will be accomplished until it is definitely known how many tickets will be needed as alterations and

erasures are not permitted on the requests and the supply is limited to the actual requirements as stated above. When the advance party has been made up and is ready to embark, the first request will be tendered the agent in payment for the required tickets and *will at that time* be filled in. When the organization is ready to embark, the other request will be accomplished in a similar manner. Care will be taken in both cases to see that the request calls for the exact number of men transported, no more and no less.

(c) Organization commanders will determine prior to leaving the home station for camp, the cause of absence of any member of his command and after arrival in camp will submit a report to the Camp Commander showing the cause of such absence.

(d) Regulation cotton uniform, with blouse and O. D. shirts, shoes and campaign hat, will be worn on the train and in camp. No civilian clothes will be carried to camp. In any case where exact compliance with this subparagraph is impossible, exceptions may be made by organization commanders in individual cases, but in each such case, a report must be made to the Camp Commander upon arrival, of the exception authorized and the justification for the exception.

(e) The following equipment as prescribed in Circulars WD, 1920, will be carried to camp:

(g) An allowance of \$1.60 per man per day for travel rations has been made which cannot be exceeded. Organization commanders should bear in mind when arranging for the subsistence of their men when traveling that this allowance must cover food eaten enroute only and that it is pro rated between the usual three meals. If an organization is enroute only during one meal hour, its allowance for sussistence enroute is 1-3 of \$1.60 or .5333 cents, for two meals, 2-3 of \$1.60, or \$1.06666 and only when all three meals are eaten enroute can \$1.60 per man be spent. Vouchers covering any expense incurred under this allowance will be submitted, on arrival in camp, to the U. S. Property and Disbursing Officer for recovery of the money advanced for this purpose by the organization commander.

9. The provisions of paragraphs 512 and 720 N. G. Regulations, 1919, set forth the requirements governing the subjects of pay for attendance at camps and exercises. That part of paragraph 720 requiring that each soldier shall have been a member of his command for two months prior to the encampment including not less than 14 periods of practical progressive military instruction of at least 1½ hours each is waived in so far as it affects the troops who on account of their recent organization and Federal Recognition have not had opportunity to comply therewith.

The provisions of paragraph 512 N. G. Reg., 1919, as to the required attendance at the camp have not been waived. It should be understood, therefore, that each organization must have an average strength in camp of not less than two officers and 52 enlisted men, to entitle any of the men present to pay.

10(a) The United States Property and Disbursing Officer will proceed to Camp Glenn at such time as may be necessary to pay the troops before their departure for their home stations.

(b) The State Property and Disbursing Officer will proceed to Camp Glenn at such time as may be subsequently directed for the purpose of paying officers and men in camp at State expense and such other expenses as may be ordered by proper authority.

11. No debts or obligations against the United States or against the State of North Carolina will be incurred by any officer, enlisted man or organization, except such as may have been properly and specifically authorized from this office.

Paragraph 486, N. G. Regulations, requires that work be carried on according to schedule. This is important.

It is contemplated that lessons in the schedule which have already been covered be reviewed freely according to the needs, that especial attention be given to review of lesson immediately preceding that of the day.

Companies which have carried on work prior to receipt of this schedule should be started at an appropriate point in the course and the schedule thereafter be definitely followed. Companies hereafter taking up the course should start at the beginning and take one day's work at each drill and not attempt to cover the entire course before the 1921 camp.

#### STATE OF NORTH CAROLINA

#### ADJUTANT GENERAL'S DEPARTMENT

RALEIGH

CIRCULAR No. 1

January 22, 1920.

The record of proceedings of the Special Military Board, appointed under Special Orders No. 158, A. G. O., 1920, which met in the office of the Adjutant General at Raleigh, North Carolina, on January 22, 1920, together with the action of the Governor thereon, is published for the information of all concerned.

#### PROCEEDINGS OF SPECIAL MILITARY BOARD

RALEIGH, N. C., January 22, 1920.

The Board met pursuant to Special Orders No. 158, A. G. O., N. C., 1920.

The following members were present:

Major General B. S. Royster, retired, the Adjutant General.

Major General Francis A. Macon, retired, State Property and Disbursing Officer.

Colonel D. E. Scott, Infantry.

Major Gordon Smith, United States Property and Disbursing Officer.

Major General F. A. Macon, retired, was chosen President and Major Gordon Smith Secretary of the Board.

The Adjutant General stated that the object of the meeting was to consider all matters relating to the present military situation in the State and take action on matters brought up before the Board. After due discussion and consideration the following recommendations were made:

(1) That efforts toward reorganization of the National Guard be continued and expedited as much as possible though the completion of organization is greatly handicapped on account of the large number of men required as a minimum for each unit.

(2) That Reserve Militia companies be continued in the service except in those communities where National Guard units are extended federal recognition and thereby made available for use of the State in emergencies. In communities where National Guard units are recognized and armed the Adjutant General is authorized to honorably discharge members of the Reserve Militia companies. It is further recommended that when a sufficient number of National Guard units are recognized, organized and equipped to maintain law and order in the State that the Reserve Militia in its entirety be honorably discharged.

(3) That armories in various towns of the State formerly used by National Guard companies, except those used and maintained by Reserve Militia companies, shall be held pending the reorganization of the National Guard, and that whatever expense, such as rent, etc., which may reasonably be incurred in carrying out the recommendation, be paid from funds appropriated under chapter 200, Public Laws 1917.

(4) That the Adjutant General be authorized to expend such funds as may be necessary for the maintenance and improvement of the Camp Glenn property, which has been turned back to the State by the Navy Department. The

State has acquired the use of an expensive and modern plant in the way of buildings, etc., and it is necessary that certain completions be made and the property properly maintained.

There being no further business, the Board thereupon adjourned.

FRANCIS A. MACON,  
*Major General, Retired, President.*  
GORDON SMITH,  
*Major, U. S. P. and Do., Secretary.*

Approved, January 27, 1920.

T. W. BICKETT,  
*Governor and Commander-in-Chief.*

By order of the Governor:

B. S. ROYSTER,  
*The Adjutant General.*
